EDUCATION

B.Tech (Electrical Engineering)	2021-25	Delhi Technological University	9.84 CGPA Agg.
AISSCE (Class XII)	2021	St. Margaret Sr. Sec. School, Delhi (Affiliated to CBSE)	95.6%
AISCE (Class X)	2019	St. Margaret Sr. Sec. School, Delhi (Affiliated to CBSE)	94%

WORK EXPERIENCE

- **Web Development Intern** March 2023 - Present
Delhi Technological University [Live](#) | [Code](#)
 - Contributed to the development and deployment of the UI and backend for their **ERP and hostels registration portal** using the **MERN stack**.
 - The application transforms their manual administrative processes into efficient, user-friendly web applications by streamlining the process of course and hostel registration.

PROJECTS

- **FundME | Crowd Funding Platform** [Code](#)
 - The web platform provides college students the unique opportunity to raise funds for their various goals through the completion of tasks assigned by others.
 - Built using the **MERN stack** with the styling done using **TailwindCSS**.
 - Includes a secure online payments system with **Stripe** integration.
- **DTU Book | University Management Platform** [Video](#) | [Code](#)
 - A minimal one-stop web solution for university students and teachers to manage their day-to-day tasks with ease and efficiency.
 - Provides a paperless alternative to the otherwise tedious task of enrolment of students.
 - Developed using **MongoDB**, **Express**, **NodeJS**, auth using **PassportJS** and the styling has been done using **Bootstrap**.

TECHNICAL SKILLS

- **Data Structures and Algorithms**
- **Web Development:** HTML, CSS, NodeJS, ReactJS, Tailwind, Bootstrap
- **Backend Technologies:** MongoDB Atlas
- **Programming Languages:** C++

ACHIEVEMENTS

- **Awarded Merit Scholarship by Delhi Technological University for achieving the highest first year CGPA in batch.**
- **Rated 1588 on Codechef.**
- **Solved 600+ DSA questions across various platforms.**
